PROFESSIONAL EXPERIENCE

WHITE POPPY PRESERVATION

Director of Marketing & Operations

Progressed from social media and marketing execution into ownership of ecommerce, systems, automation, reporting, and company-wide operations.

- Supported approximately 3x company growth by building scalable marketing, ecommerce, operational, and technology infrastructure.
- Led ecommerce strategy and Shopify migration, including product architecture, merchandising, checkout improvements, customer journeys, shipping, analytics, and integrations.
- Directed website and digital experience work, translating business requirements into page structure, UX decisions, theme updates, and development scopes.
- Architected automation and business systems connecting Shopify, Airtable, n8n, Klaviyo, Stripe, APIs, inventory, production, and reporting.
- Redesigned operational workflows across order management, production, fulfillment, inventory, refunds, warranties, insurance, shipping, and customer recovery.
- Built executive reporting for revenue, refunds, cancellations, warranty performance, insurance profitability, quality trends, and recovery opportunities.
- Led lifecycle marketing across Klaviyo email and SMS, segmentation, launches, promotions, retention, customer education, and post-purchase communication.
- Managed social media and creative strategy, including content calendars, photography, campaign direction, brand voice, audience engagement, and team coordination.
- Partnered cross-functionally with leadership, production, customer service, finance, marketing teams, and external agencies.

September 2024 - September 2026

ADDITIONAL EXPERIENCE

ROSIE RUE FLORAL CO.

Concurrent / Project-based

Marketing & Operations

- Supported campaign strategy, lead-management systems, reporting, process documentation, vendor initiatives, and multi-market expansion.
- Created marketing content and operational workflows across lead generation, consultations, rentals, and customer handoffs.

HEAL LAB - SOUTHERN UTAH UNIVERSITY

University experience

Research Assistant

- Supported academic research through data organization, analysis, documentation, and communication of findings.
- Applied quantitative reasoning and structured research methods to faculty-led projects.

FREELANCE PHOTOGRAPHY & CREATIVE MARKETING

7+ years

Photographer, Designer & Content Strategist

- Produced brand, portrait, and lifestyle photography while managing client communication, creative direction, editing, and delivery.
- Combined visual storytelling with marketing strategy, graphic design, and content development.

SELECTED SYSTEMS & BUSINESS PROJECTS

Shopify Migration & Ecommerce Modernization

Led the transition from a legacy ecommerce platform to Shopify, aligning product architecture, customer experience, analytics, payments, tax, shipping, and backend operations.

Automated Order & Inventory System

Designed a Shopify-to-n8n-to-Airtable workflow that matches customers, creates orders, expands quantities, assigns sequential inventory, and preserves relational data.

Airtable Business Operating System

Structured connected records for customers, orders, order items, inventory, production, refunds, repairs, insurance, and leadership reporting.

Executive Reporting & Policy Strategy

Converted fragmented operational data into recommendations for refunds, cancellations, complimentary repurchases, warranties, shipping, and insurance profitability.

EDUCATION

Southern Utah University - Bachelor of Science in Marketing

Minors: Graphic Design and Economics
